**Ms. Riordan** explained this property is near the southeast corner of Texas and Third Street. She explained in July of 2018 there was a fire on the property causing significant structural damages. She explained Code Enforcement has contacted the owners to have the property cleaned and the property remains very unsightly and unsafe. **Ms. Riordan** explained staff has been in contact with an individual who wishes to buy the property. She added staff's recommendation is regardless of the change in ownership, that Council adopts the Resolution. She said the Resolution as drafted allows 30 days to bring the property into compliance.

DRAFT

**Mr. Jesus DeAvila** explained he just signed the contract to purchase the property. He explained he spoke to Mr. KC Cass and was told to contact an asbestos company before he can be issued a permit to remove the structure. **Mr. Cass** explained there was a very significant fire at the property. He said the fire left over half of the property completely structurally deficient and in danger of collapse. He said the biggest immediate concern to the public is the open nature and people or children wandering into the property.

**Mr. De Avila** added that his plan is to remove all the structures, flatten out the property, and put up a privacy fence around the property. **Mr. Cass** added if additional time is given he recommends a construction type fence be put up around the property.

0:21:00 **A. Public Hearing**
**Mr. Patterson** explained a recent annexation was approved by Council at the intersection of Standpipe Rd. and W. Lea St. which forced annexed several properties into the city. He explained the properties that were force annexed currently house fireworks stands. He explained the city's current Fire Prevention and Protection Ordinance prohibits the sale of most fireworks within the city limits. **Mr. Patterson** said he was directed to review the Ordinance and bring forward amendments that would allow these force annexed properties to continue the sale of prohibited fireworks and continue their business. He added the Planning Department, the Fire Department, and the City Attorney's Office worked on the amendments and present them tonight for Council's consideration and approval.

0:22:54 **Mayor Janway asked if anyone would like to speak in favor of the Ordinance.**
**Mr. Jenkins** asked if the properties are sold to a new owner would the sale of fireworks be allowed by the new owner. **Ms. Riordan** explained as the Ordinance is drafted, a sale would not affect the sale of fireworks as long as the sale was to an immediate family member. She added if the sale was outside the immediate family the permission

Two pieces of potash mining equipment have been donated to the City for display at the Potash Park. A Powder Wagon and a Loader. Both pieces of equipment were retrieved from below ground and will require significant repairs/rehabilitation prior to be being repainted and ready for display.

The City solicited bids on May 3, 2019 for this project. The low bid was from Watchdog Painting LLC in the amount of $46,800 excluding NMGRT.

The City has total Lodgers Tax funds for the project in the amount of $128,048.50, which includes the fencing which was conducted as a separate bid. The total project is within the City's budget.

The City recommends awarding the bid to Watchdog Painting LLC.

The ornamental iron fence will be 7' tall and will act as a safety and security mechanism protecting the refurbished potash mining equipment that will be on display at the Potash Park. The fencing will protect the equipment from potential vandalism and will act as a deterrent to prevent people from climbing on the equipment and potentially injuring themselves.

The City solicited bids on May 7, 2019 and received a low bid from Guadalupe Mounting Fencing Company in the amount of $58,735.50 excluding NMGRT.

The City has budgeted a total of $128,048.50 in Lodgers Tax funds for the project, including the restoration and painting of the mining equipment. The total project is within budget.

**SUBJECT:**
Rates for discharging septage at the City's Waste Water Treatment Plant.

**SYNOPSIS, HISTORY and IMPACT** (SAFETY AND WELFARE/FINANCIAL/PERSONNEL/INFRASTRUCTURE/ETC.):

On May 13, 2014 City Council approved "Regulations establishing administrative policies and fees for the discharge of approved liquid wastes into the sanitary sewer system." The Utilities Department/Waste Water Treatment Plant is asking to amend section 7.2 of this policy, updating the discharge fee from $0.08/gallon to $0.10/ gallon. This proposal was presented to the Board of Water and Sewer Commissioners and they passed a motion recommending approval of the fee update.

**DEPARTMENT RECOMMENDATION:**

The Utilities Department is recommending Council approval of the discharge fee update.

Dale Janway, Mayor | Michael Hernandez, City Administrator

**TO:** Michael Hernandez, City Administrator

**FROM:** **Ron Myers, Director of Utilities**

**DATE:** 03.13.19

**RE:** Waste Water Treatment Plant Septage Rates

Attached is a rate schedule for facilities in this area that are accepting septage. Currently the City of Carlsbad's Waste Water Treatment Plant is accepting septage at a rate of 8 cents per gallon. Waste Water Treatment Plant staff is recommending the rate to accept septage be increased to 10 cents per gallon.

Septage Rates

| | |
|---|---|
| City of Carlsbad | $0.08/gallon |
| City of Hobbs | $0.12/gallon |
| City of Artesia | $0.12/gallon |
| QRS Pecos | $0.12/gallon |
| City of Midland | $0.30/gallon |
| Affordable Midland TX | $0.15/gallon |
| City of Roswell | $0.03/gallon |

Roswell only accepts waste from generators around the Roswell area.

Based on the above rates staff recommendation is to raise rates to $0.10/gallon

DRAFT

Time Stamps and headings below correspond to recording of meeting and the recording is hereby made a part of the official record

**0:01:02 1. Roll Call and Determination of Quorum**

G.Perkowski called roll and it was determined that there was a quorum of voting members.

**0:01:17 2. Approval of Agenda**

The motion was made by L. Henderson and seconded by R.Hardy to Approve the Agenda. The vote was as follows, Yes: L. Henderson, G. Perkowoski, F. Beard, R. Hardy No: None Absent: C. Stephens The Motion passed.

**0:01:32 3. Approval of Minutes of the Board of Water and Sewer Commissioners Regular Meeting held February 21, 2019**

The motion was made by L. Henderson and seconded by G. Perkowski to Approve the Minutes of the Regular Board of Water and Sewer Commissioners Meeting held on February 21, 2019. The vote was as follows, Yes: L. Henderson, G. Perkowski, R.Hardy, F. Beard No: None Absent: C. Stephens The Motion passed.

**0:02:09 4. Consider Approval of recommendation to increase Septage Rates at the Waste Water Treatment Plant**

J. Harvey stated that currently they have about 37 companies and 54 trucks hauling septage to the plant. He doesn't think they can take any more customers out there, he thinks they need to hold what they have. He said they would like to make a recommendation to raise the rates up to.10¢ a gallon, which is still less than everyone else in the area. He mentioned that Roswell rates are cheaper, but Roswell only accepts waste from the Roswell area. R. Hardy asked out of the 54 trucks what percentage comes from the largest customer. J. Harvey said about four trucks. He said they have seen a huge increase in the amount of sludge they produce; it's gone up about 30% over the last five years and they haven't seen a huge increase in the flow.

G. Perkowski asked how they decided to raise it to .10¢. J. Harvey responded they would try going up .10¢ this year and maybe next year go up to .12¢. R. Myers said they would go up the .02¢ and then evaluate the impact and review it in a year. F. Beard asked if that is what staff wanted to do and if the plant was overwhelmed. R. Myers responded they were reaching their capacity for accepting septage. J. Harvey said the sludge beds are full; he has made a recommendation for next year's budget for a machine that will thin it out before it goes out there, it will save on the capacity but that's a ways off. G. Perkowski asked what the plant was doing with the sludge. J. Harvey said they are composting it, giving it out to customers. He mentioned they use to send it to the Golf Course, but there's been a decrease in usage from the Golf Course, Parks and Sports Complex. The schools have been using it.

G. Perkowski mentioned one issue is when you see things need to be increased, you increase only a little but then you have to come back to the board to increase again. He asked how much revenue they would lose if their biggest customer went to Hobbs. J. Harvey said about 1/3. F. Beard asked if the new customers could pick-up the slack. J. Harvey said probably not. R. Hardy stated to the board it's only a .02¢ increase but percentage wise it's about a 25% increase, going to .12¢ a gallon would be a 50% increase. F. Beard asked if they money collected could be used to purchase the equipment to help with the increase of septage. R. Myers said they have put in for some funding to purchase a machine that would help with the solids and that would help with the capacity. Councilor Rodriguez asked if thickening the sludge would slow down the drying. R. Myers said it would shorten it.

DRAFT

The motion was made by L. Henderson to approve increasing the rate to .10¢ a gallon R. Hardy seconded the motion. The vote was as follows: Yes: L. Henderson, G. Perkowski, F.Beard, R. Hardy No: None, Absent: C. Stephens. The motion passed.

**0:10:18 5. Consider Approval for Oryx Delaware Oil Gathering to install multiple pipelines to transport oil from State Well Pad**

R. Aguilar mentioned to the board that Oryx was part of the Chisholm Well that is being drilled in the Sheep's Draw Wellhead. He said they are bringing a 4 inch oil pipeline; and will be removing the oil from the well. .G. Perkowski stated so they are putting in the pipes and moving the oil out and they are aware of the oil restrictions. R. Hardy asked if it would be a surface line or buried. A representative from Oryx responded it would be buried below at 36 inches.

R. Myers stated to the board the ordinance specifics that any pipeline that is in the wellhead protection area be a double wall pipe. He said he wasn't really sure what that language meant. He just wanted to bring that to the boards' attention.

B. Melton stated he and Mike have about 25 to 30 years' experience each in the pipeline industry. He said they are not familiar with a double wall pipe that's available. They discussed it and to them it meant that the wall thickness is twice what is required to meet the pressure of the volume and capacity of the flow. He asked the board to notice in their Barlow calculations form, it shows that it not only meets the minimum pressure requirement it exceeds it. R. Hardy asked what type of line it would be. B. Melton said it would have fusion bonded Epoxy externally and it won't have any coating on the inside and its steel welded.

Councilor Rodriguez asked if the double wall question was an issue from the city's standpoint about the secondary containment. R. Myers responded that was the language in the ordinance.

M. Hernandez stated that Ms. O'Brien was working on the Ordinance; she would be making some of those corrections. L. Henderson said it sounds like it meets the standard. F. Beard stated he was concerned about monitoring the pressures for a leak. Is there one at one end or another so it could be found before it contaminated the water? He asked if there was something in the system that did that. R. Myers stated their application states there is, they have a third party control center that monitors the pipeline 24 hours a day according to their application information.

Councilor Rodriguez asked if there was a particular reason why a 1700 foot jog was put in. B. Melton stated that would probably have to do with BLM. R. Myers said it appears their pipeline would cross the city's waterline in two different locations. They will be required to adhere to the city's standards for crossing the pipeline. G. Perkowski asked how much of the line would be going over the wellhead protection area. R. Myers state about 1700.

The motion was made by L. Henderson and seconded by F. Beard. The vote was as follows, Yes: L. Henderson, G. Perkowski, F. Beard, R. Hardy No: None Absent: C. Stephens The Motion passed.

## 3.0 SCOPE

3.1 Only those persons holding a current valid Permit may discharge approved Liquid Waste into the City Sanitary Sewer System and only at Disposal Sites approved by the City. A person who does not have a current valid Permit may not discharge or release waste at a Disposal Site or into the City Sanitary Sewer System. No one may intentionally or unintentionally discharge or release Unacceptable Waste at a Disposal Site or into the City Sanitary Sewer System.

3.2 All Permit applicants shall have a current valid NMED Septage Hauler Registration. A copy of the registration shall be provided with the Permit application.

3.3 All Permit applicants with a place of business in the City of Carlsbad shall possess a current valid City of Carlsbad Business Registration. A copy of the registration must be provided with the permit application.

3.4 These regulations shall be enforced and administered by the Approving Authority as provided herein.

## 4.0 LIABILITY INSURANCE COVERAGE

4.1 No Permit shall be issued to a Liquid Waste Hauler unless the Applicant procures and maintains at its own expense:

4.1.1 Automobile liability insurance with liability limits in amounts of not less than five hundred thousand dollars ($500,000) combined single limit of liability for bodily injury, including death and property damage in any one occurrence; and

4.1.2 Public liability insurance with an aggregate limit in the amount of one million dollars ($1,000,000).

The Permit shall not go into effect until the Applicant furnishes to the City a Certificate(s) of Insurance provided by an insurance company authorized to do business in the State of New Mexico, together with the application. The insurance policy or policies must include the City of Carlsbad as an additional insured.

4.2 Permit Bond The Applicant shall provide a Permit surety bond issued to the City of Carlsbad in the amount of $50,000.00. The Applicant shall provide one bond with each permit application. The surety bond shall be issued by a company licensed to transact such a business in New Mexico. The bond shall name the Applicant as principal, the bonding company as surety, and the City as oblige. The bond shall assure full and satisfactory performance by Applicant of Applicant's obligations under these regulations and all applicable laws, rules, and regulations.

4.3 Indemnification and Hold-Harmless The Applicant shall agree, by submitting its application for Permit, to defend, indemnify and hold harmless the City of Carlsbad and its officers, employees, officials, and agents from and against any and all claims, actions, suits, and/or proceedings brought against the City of Carlsbad for or on account of any matter arising from the activities associated with and regulated by the Permit issued pursuant to this regulation. The indemnity required by this Regulation shall not be limited by reason of the specification of any particular insurance coverage in this regulation.

4.4 Increase in Insurance If, during the term of a permit, the New Mexico State Legislature increases the maximum limits of liability under the Tort Claims Act (Section 41-4-1 et. seq., NMSA 1978) or its successor statute, the City of Carlsbad my require the holder of the permit to increase the limits of the insurance specified in Section 4.1 of this regulation.

## 5.0 APPLICATION FOR PERMIT

5.1 As provided by these regulations, a Permit shall be obtained for each Vehicle to be used in the discharge of liquid waste into the City's approved liquid waste Disposal Site(s). Each Permit shall be valid for one (1) calendar year (January 1 through December 31) and shall be renewed before January 1 of the following year.

5.2 Any person or business desiring a Permit or to renew a Permit shall submit the City's application to the Approving Authority. The application shall be complete and accompanied by all required documentation. When applying for a Permit, the Applicant shall also submit a non-refundable Application Processing Fee of fifty dollars ($50.00). If approved, the Application Processing Fee shall include the issuance of one (1) Trip Manifest Book. When applying to renew a Permit, the Applicant shall also submit a non-refundable Renewal Application Processing Fee of twenty-five dollars ($25.00). That fee shall not include the issuance of a Trip Manifest Book.

5.3 Upon receipt of a complete application and fee, the Approving Authority shall review the application and documentation and inspect the vehicle for which a Permit is sought. If the Applicant, the Vehicle and the documentation pass the inspection, the Approving Authority shall issue a Permit, a Liquid Waste Disposal Site (LWDS) Number for the Vehicle and, if needed, a Trip Manifest Book.

## 6.0 TRIP MANIFEST BOOK

6.1 The Hauler shall be issued a Trip Manifest Book together with the Permit. The Trip Manifest Book shall contain trip manifest forms in triplicate for hauling Liquid Waste to a Disposal Site. This book shall be assigned the LWDS Number assigned to the Vehicle. The Trip Manifest Book shall be used by the Vehicle having the same LWDS Number and by no other vehicle.

6.2 Each trip manifest form shall have a space for recording each of the following:

6.2.1 The name, address, phone number of the Hauler;

6.2.2 The LWDS Number and license plate number of the Vehicle;

6.2.3 The name, address and phone number of the Generator (origin of waste);

6.2.4 The type and quantity of waste hauled, and the date and place the waste was received by the Hauler;

6.2.5 The Generator's signature acknowledging that the information about the Generator, the type and quantity of the waste, and the place and date is correct;

6.2.6 The Driver's name and signature and the date of service;

6.2.7 The Driver's signature certifying the date of delivery at a Disposal Site and that the delivery occurred without incident;

6.2.8 Test results, volume received and the date the waste was received at the Disposal Site;

6.2.9 Whether the waste was accepted or rejected by the City; and

6.2.10 The name and signature of the Operator at the Disposal Site.

6.3 The Hauler and the Operator shall make sure that the trip manifest form is fully completed and that the information provided is accurate. A trip manifest form shall be completed for each location serviced by the Hauler.

6.3 The Hauler shall give the Generator a copy of the manifest form signed trip by the Driver.

6.4 The original manifest form shall be dated and stamped accepted or rejected by the Operator. If the load is found to be unacceptable it will be refused and the Hauler shall remove the load from the facility.

6.5 The original of the trip manifest form shall be kept by the Operator. One copy of each trip manifest form shall remain in the Trip Manifest Book until the book has been completely used. Upon completion of the book, a new Trip Manifest Book with the same LWDS Number will be issued.

6.6 A fee of $30.00 per book shall be paid by the Hauler for each new Trip Manifest Book issued. The cost of the new book shall be added to the monthly invoice sent to the Hauler.

6.7 No Applicant, Generator, Producer, Hauler, Driver or other person shall provide a false, misleading, or incomplete application, Trip Manifest Book entry, test result or other information required by or material to these regulations. Trip Manifest Books and blank and executed forms shall not be provided to or used by anyone other than the Hauler or Driver of the Vehicle to which the book or forms were issued. Unused or fully completed trip manifest forms shall remain in the Trip Manifest Book and be available for inspection during any trip to the Disposal Site. Should a Permit expire or be terminated, the Trip Manifest Book and all unused forms shall be returned to the City.

## 7.0 DISCHARGE FEE

7.1 Each Hauler shall be billed monthly for all liquid waste discharged at a Disposal Site based on the records obtained from the Hauler.

7.2 The Discharge Fee shall be eight cents per gallon ($0.08/gal.) or eighty dollars per 1,000 gallons ($80.00/1,000 gal.). If, in the City's determination, the Vehicle's Tank has a properly calibrated and operating sight glass, then the Discharge Fee will be based upon the amount of Liquid Waste in the Tank as shown by the sight glass to the nearest calibration mark. Otherwise, the Discharge Fee will be based on the total capacity of the Tank and not on load size or partial load.

7.3 If a particular Hauler is found to be thirty (30) days or more in arrears, neither that Hauler nor any Vehicle of that Hauler will be allowed to discharge at the City's Disposal Site.

7.4 The discharge fees specified herein are subject to revision by the City at any time upon adoption by the City Council. The revised discharge fee shall apply to the first billing period following the approval or as determined by the governing Body.

## 8.0 GENERAL CONDITIONS

8.1 Prior to disposal at the Disposal Site, the Driver must sign-in at the place designed by the City. The Driver shall have a completed trip manifest form in the Trip Manifest Book for data verification at sign-in. Once sign-in is completed, the Driver will be met at the Disposal Site by the Operator who will then proceed to verify vehicle information, load characteristics and its acceptability. Once all the information is verified and the load is deemed acceptable, the Operator will allow the Driver to dispose of the load. Upon completion of disposal, the Driver shall clean the immediate area of any possible spills. Once clean-up is completed, the Operator will sign the trip manifest form and remove the original manifest form (white) and return the Trip Manifest Book to the Driver.

8.2 Sand Trap and Grit Trap Waste Haulers shall, in addition to a completed trip manifest form(s), present a copy of the latest test results required or requested by the New Mexico Environment Department, Hazardous Waste Bureau, or its successor entity (HWB). Such test shall either be the Total Metal Concentration test or the Toxicity Characteristic Leaching Procedure (TCLP), whichever HWB deems to be more applicable. The first test shall indicate that the waste is less likely to be hazardous. The second test shall deem the waste non-hazardous.

8.3 Sand Trap Waste and Grit Trap Waste must be discharged at the Designated Site specified by the City for such waste. Sand Trap Waste and Grit Trap Waste shall be hauled separately from any other approved Liquid Waste. The location of each

Sand Trap and Grit Trap Waste pick up shall be specified in the trip manifest form for that waste.

8.4 Septic Tank Waste, Sand Trap Waste and Grit Trap Waste shall be discharged only at the City of Carlsbad Wastewater Treatment Plant or at rendering facilities, landfills, or land application sites at which such discharge is legally acceptable. Disposal at any other site within the City of Carlsbad is prohibited.

8.5 Chemical / Portable Toilet Waste shall be discharged at pre-approved privately owned chemical toilet discharge sites or at the Wastewater Treatment Plant or other site with advance approval in writing by the Superintendent. Industrial sludges, hazardous materials, or other Unacceptable Waste shall be returned to the Producer or disposed at a site legally authorized to accept that type of waste.

8.6 When each Trip Manifest Book is used up, the Hauler with a valid Permit shall purchase a new Trip Manifest Book from the Superintendent at the location by specified by the City. The new manifest book shall be purchased prior to the next visit to a Disposal Site. A new Trip Manifest Book will not be issued unless the Hauler presents the completed book for inspection.

8.7 The Liquid Waste Disposal Site (LWDS) Number shall be displayed on the tank of the vehicle in the following manner:

8.7.1 The LWDS Number shall be painted on the upper half of the rear of the tank as follows: (Minimum size is listed for each)
A. Rear of tank (minimum 4" high, 5/8" thick)

8.7.2 The LWDS Number must be visible at all times and must not be covered with mud, vacuum pump tubing, or any other obstruction.

8.8. The Liquid Waste Disposal Site Number shall identify:

8.8.1 The year in which the Permit was issued:
First two digits

8.8.2 The order in which the Liquid Waste Discharge Permit was approved:
Second two digits

Example: LWDS No. 1402
(Issued in 2014, the second approved permit of the year)

8.9 The Permit and the LWDS Number are non-transferable and may not be re-assigned, sold, or otherwise transferred from one Vehicle to another vehicle or from one Hauler to another. Permits are valid for one (1) year expiring on December 31st of each year, and shall be renewed before January 1st of the following year.

8.10 Liquid Waste discharges at the Wastewater Treatment Plant and at any other approved sites shall be periodically sampled to determine compliance with these Regulations and all other applicable laws, rules, regulations and policies.

## 9.0 VIOLATIONS

9.1 The Superintendent may bring action against any Applicant, Generator, Producer, Hauler, Driver or other person if the Superintendent determines that the person has violated the Permit terms and conditions, this regulation, or any other applicable law, rule, regulation or policy. The Superintendent may reject the load and request that the waste be removed from the Disposal Site. In the case of repeated violations the Superintendent may petition the City Administrator to revoke a Permit and / or to pursue penalties as set forth by law.

## 10.0 EFFECTIVE DATE AND FILING

10.1 These Regulations establishing Administrative Policies and Fees for the Discharge of Approved Liquid Wastes into the City's Sanitary Sewer System shall become effective on July 1, 2014 and shall be filed in the office of the City Clerk.

APPROVED THIS 13th DAY OF MAY 2014.

# POLICY REGARDING SERVICE OF CITY WATER

# OUTSIDE THE CITY LIMITS

Upon written application and after recommendation by the Board of Water and Sewer Commissioners and approval by the Governing Body of the City of Carlsbad, municipal water for domestic purposes only may be furnished to non-City residential and business consumers. Such non-City water services approved, if any, shall be on the basis of written contract subject but not necessarily limited to the terms and conditions specified hereinafter.

**Non-City Consumers**

1. The following charges shall apply to all non-City consumers:
   a. For main service line, a one-time charge of the higher of either
      i. $8.00 per abutting foot adjusted for inflation at a rate of 3% per year beginning January 1, 1997; the City, at is sole discretion, may vary this per abutting foot charge for irregularly shaped or non-abutting lots; or
      ii. The actual cost of installation.
   b. The actual cost of time, materials and equipment for installation of water tap and meter with a minimum charge of $150.00
   c. A water deposit in the amount of $180.00
   d. Minimum and excess water usage charges shall be four times the rates of City consumers.
2. To offset the consumptive impact to the City's water supply, each non-City consumer, prior to receiving City water, shall:
   a. Irrevocably deed and transfer to the City a minimum of three acre feet of Capitan water rights for each acre or fraction of an acre to be served by City water; or
   b. Pay a one-time water rights acquisition fee of $2,500 per acre or fraction of an acre to be served by City water if the City, at any time prior to the final transfer of water rights described in subparagraph 2(a) above, determines at its sole discretion that such transfer is not in its best interest; or
   c. Pay a one-time water rights acquisition fee of $2,500 per acre or fraction of an acre to be served by City water if the City determines at its sole discretion that in lieu of water rights, such fee is in its best interest.
3. The maximum meter size that may be installed for a non-City consumer's use is a one inch meter, except that the City Administrator may approve installation of a larger meter if necessary to ensure adequate service.
4. Should the City, at its sole discretion, determine at any time that rationing of the municipal water supply is prudent or necessary, the City may without prior notice terminate water service to non-City consumers or impose other conservation measures.
5. City water provided to non-City consumers shall be utilized only for domestic purposes as herein defined and only in and upon the premises described in the written water service contract. Delivery, sale or transference of City water by one non-City consumer to any other person or premises shall be cause for immediate termination of City water service without prior notice.

6. City water shall not be provided to any non-City consumer:
   a. whose property is served by or connected to any other water cooperative or water company or
   b. whose property is capable of being served by or connected to any other water cooperative or water company within six months of the date of written application to the City.
7. The City may agree to amortize the costs incurred pursuant to paragraphs 1(a), 1(b) and 2(b) above at an interest rate of 10% A.P.R. for a definite period not to exceed 5 years.
8. Failure to pay by the 10th of the month following billing shall result in termination of water service without prior notice until all outstanding balances are paid in full.
9. Non-City consumers will be responsible for the full cost of all service lines on their side of the water meter including the installation of a backflow prevention mechanism which meets the approval of the City Water Department. Water service will not be furnished under any circumstances until such backflow prevention mechanism is installed and approved. Further, water service will not be furnished until the City determines to its satisfaction that all previous connections to wells or other water sources have been disconnected and isolated from the system that will deliver City water from the water meter to the non-City consumer's residence or business.
10. Non-City consumers whose properties are annexed into the City limits shall upon the first day of the month following annexation be entitled to the minimum and excess water usage charges established by the City for City consumers. Further, a non-City consumer whose property is annexed shall be entitled to a rebate of that amount of their water deposit paid in excess of the water deposit imposed at that time upon City consumers. Such rebates shall not be made in cash but rather shall be applied as credit against future billings. Under no circumstances however, shall a non-City consumer whose property is annexed into the City, be eligible for a rebate or recapture of any portion of those costs incurred for installation of the water service or water rights acquisition fee.
11. Unless and until paid in full, all costs incurred pursuant to paragraphs 1(a), 1(b) and 2(b) shall be secured by a lien against the property with foreclosure as authorized by law in the event of non-payment.
12. Contracts entered into between the City and non-City consumers shall not be transferrable. Subsequent non-City consumers at the same location shall not be eligible for water service until a new contract has been properly executed.
13. If, at its sole discretion, the City deems it to be in its best interest, the City may refuse to provide water service to non-City water applicants or otherwise limit such service.
14. Non-City consumers whose properties are capable of being served by the City sewer system shall within 6 months after the City provides water be connected to the sewer. Failure to connect to the sewer as noted above will result in termination of water service without prior notice until such connection is made. Sewer charges for non-City consumers shall be in accordance with paragraph 1 (d) above.
15. All monies received by the City from non-City consumers as water rights acquisition fees pursuant to paragraphs 2(b) and 2(c) above shall be placed in the Water System Improvement Fund for water rights acquisition.
16. Should any portion of this Agreement be deemed to be void or unenforceable, the remainder of the Agreement will continue in full force and effect.

17. Notwithstanding any provision herein to the contrary, the Governing Body may, with regard to service of water outside the City limits to water cooperatives, establish by contract such terms and conditions, including the rate charged for water usage, as it deems appropriate, provided however, that in no case shall the water rates charged to such cooperatives be less than that charged to water users within the City limits.

**DEFINITIONS**

City Limits: Those areas within the incorporated boundaries of the City of Carlsbad as changed from time to time.

LaHuerta Co-op Boundary: Those areas defined in the LaHuerta Co-op Purchase Agreement for which the City is obligated to furnish water.

City Consumer: All residential and commercial properties within the City limits or within the LaHuerta Co-op boundaries, currently or hereinafter provided water by the City of Carlsbad.

Non-City Consumer: All residential and commercial properties outside the City limits and outside the LaHuerta Co-op boundaries, requiring potable water for domestic purposes.

Domestic Water Use: Water used for household or other domestic use including irrigation of not more than one acre of noncommercial trees, lawn or garden.

   a. whose property is served by or connected to any other water cooperative or water company or
   b. whose property is capable of being served by or connected to any other water cooperative or water company within six months of the date of written application to the City.
7. The City may agree to amortize the costs incurred pursuant to paragraphs 1(a), 1(b) and 2(b) above at an interest rate of 10% A.P.R. for a definite period not to exceed 5 years.
8. Failure to pay by the 10th of the month following billing shall result in termination of water service without prior notice until all outstanding balances are paid in full.
9. Non-City consumers will be responsible for the full cost of all service lines on their side of the water meter including the installation of a backflow prevention mechanism which meets the approval of the City Water Department. Water service will not be furnished under any circumstances until such backflow prevention mechanism is installed and approved. Further, water service will not be furnished until the City determines to its satisfaction that all previous connections to wells or other water sources have been disconnected and isolated from the system that will deliver City water from the water meter to the non-City consumer's residence or business.
10. Non-City consumers whose properties are annexed into the City limits shall upon the first day of the month following annexation be entitled to the minimum and excess water usage charges established by the City for City consumers. Further, a non-City consumer whose property is annexed shall be entitled to a rebate of that amount of their water deposit paid in excess of the water deposit imposed at that time upon City consumers. Such rebates shall not be made in cash but rather shall be applied as credit against future billings. Under no circumstances however, shall a non-City consumer whose property is annexed into the City, be eligible for a rebate or recapture of any portion of those costs incurred for installation of the water service or water rights acquisition fee.
11. Unless and until paid in full, all costs incurred pursuant to paragraphs 1(a), 1(b) and 2(b) shall be secured by a lien against the property with foreclosure as authorized by law in the event of non-payment.
12. Contracts entered into between the City and non-City consumers shall not be transferrable. Subsequent non-City consumers at the same location shall not be eligible for water service until a new contract has been properly executed.
13. If, at its sole discretion, the City deems it to be in its best interest, the City may refuse to provide water service to non-City water applicants or otherwise limit such service.
14. Non-City consumers whose properties are capable of being served by the City sewer system shall within 6 months after the City provides water be connected to the sewer. Failure to connect to the sewer as noted above will result in termination of water service without prior notice until such connection is made. Sewer charges for non-City consumers shall be in accordance with paragraph 1 (d) above.
15. All monies received by the City from non-City consumers as water rights acquisition fees pursuant to paragraphs 2(b) and 2(c) above shall be placed in the Water System Improvement Fund for water rights acquisition.
16. Should any portion of this Agreement be deemed to be void or unenforceable, the remainder of the Agreement will continue in full force and effect.

17. Notwithstanding any provision herein to the contrary, the Governing Body may, with regard to service of water outside the City limits to water cooperatives, establish by contract such terms and conditions, including the rate charged for water usage, as it deems appropriate, provided however, that in no case shall the water rates charged to such cooperatives be less than that charged to water users within the City limits.

**DEFINITIONS**

City Limits: Those areas within the incorporated boundaries of the City of Carlsbad as changed from time to time.

LaHuerta Co-op Boundary: Those areas defined in the LaHuerta Co-op Purchase Agreement for which the City is obligated to furnish water.

City Consumer: All residential and commercial properties within the City limits or within the LaHuerta Co-op boundaries, currently or hereinafter provided water by the City of Carlsbad.

Non-City Consumer: All residential and commercial properties outside the City limits and outside the LaHuerta Co-op boundaries, requiring potable water for domestic purposes.

Domestic Water Use: Water used for household or other domestic use including irrigation of not more than one acre of noncommercial trees, lawn or garden.

| **Department**: Planning & Regulation | **By:** Trysha Carrasco. Deputy Planning Director | **DATE**: 5/7/2019 |

**SUBJECT**: Request by Carlsbad MainStreet to serve alcohol (beer & wine) on City streets during CavernFest.

**BACKGROUND, ANALYSIS AND IMPACT**: *(Safety and Welfare/Financial/Personnel/Infrastructure/etc.)*

Carlsbad MainStreet wishes to host CavernFest on June 1, 2019. The event will be from 10:00 am to 11:00 pm in the downtown area. As part of this event, MainStreet wishes to have alcohol service (beer & wine) from 4:00 pm to 9:30 pm. MainStreet will have a licensed alcohol server (Milton's Brewing) set up a "Beer Garden" location along Mermod St. just west of Canyon St. This Beer Garden will be cordoned off from the rest of the festival, and will have one controlled entrance for festival goers. Entrance to the Beer Garden will only be available to those 21 years or older, and entrants must produce a valid ID as proof of age. All approved entrants will be given a bracelet to wear, and this bracelet will be a requirement to purchase beer or wine within the Beer Garden. All designated drivers that enter the Beer Garden will be given a separate bracelet as identification. No alcohol will be allowed to be taken out of the Beer Garden. The City of Carlsbad's Transit will provide safe-rides, free of charge, early in the evening until the close of the event, to any festival goer in need of transportation home.

**DEPARTMENT RECOMMENDATION**: If it is the will of the Council to allow beer and wine sales and consumption within a Beer Garden located on City streets, City staff recommends the following requirements:

1. The alcohol server obtain all required licenses and permits;
2. MainStreet and the alcohol server comply with all laws, rules, regulations, requirements and restrictions for service at the location (included, but not limited to fencing of service area, carding of customers, and providing appropriate security);
3. Both MainStreet and the alcohol server shall name the City of Carlsbad as an Additional Insured on their general liability insurance and liquor server insurance in an amount to be approved by the City Administrator.

# AGENDA BRIEFING MEMORANDUM

Council Meeting Date: 14 May 2019

| **DEPARTMENT**: Legal | **BY:** E. Riordan | **DATE**: May 8, 2019 |
|---|---|---|

**SUBJECT:** Ordinance authorizing the sale of approximately 2.12 acres of property at 5000 West Church Street to Branson Properties LLC for $90,000

**BACKGROUND, ANALYSIS AND IMPACT**: (Safety and Welfare/Financial/Personnel/Infrastructure/etc.)

The property commonly known as 5000 W. Church was once used as a inpatient mental heath facility. It was deeded to the City when the City was looking for a site for a facility to treat families with substance abuse issues. The property was inspected, and it was determined that it would require extensive and costly repairs and remodeling to make it suitable as a treatment facility under current laws and codes. The City found another property more appropriate for development as a substance abuse treatment center. The 5000 West Church property was found not to be suitable for any current City use.

Because the property was not suitable for City use, the City offered the property for sale. An appraiser valued the property at $371,000, with a highest and best use as an office with living quarters for employees. In September 2018, the City issued its Request for Bids No. 2018-19 for the sale of the property. The bidding closed with no bids having been received. The closing was extended for an additional month. The Request for Bids was published again on the City's website and on the City's Facebook page.

At the end of that bidding period, two bids were received, one for $35,000 and the other for $50,000. Council rejected both bids on January 22, 2019.

The City offered the property for sale a third time, this time offering it on the open market. The sale was advertised on the City's Facebook page, on the City's website homepage, on the Procurement Department's webpage, and through word of mouth. One offer of $80,000 was received by the City in January 2019. The City continued to offer the property, and in March 2019, the City received an offer of $90,000 from Branson Properties LLC. Having offered the property for sale for more than five months, Staff recommended approving the sale to the highest offeror, Branson Properties, LLC.

Because of the appraised value of the property, state law requires that the sale be approved by ordinance. The ordinance has been drafted and is attached.

**DEPARTMENT RECOMMENDATION**:

Approve the ordinance

Hereinafter referred to at the Property.

**WHEREAS,** the City finds that the Property is no longer essential to any municipal purpose and the City's interests would be best served by the sale of the Property; and

**WHEREAS**, a qualified appraiser appraised the Property's value as Three Hundred Seventy-One Thousand Dollars ($371,000.00) as of August 10, 2018; and

**WHEREAS**, the appraiser found that the highest and best use of the Property was as an office with living quarters for employees; and

**WHEREAS**, in its Request for Bids No. 2018-19, the City requested proposals for the purchase of the Property; and

**WHEREAS**, the Request for Bids was published one time in the *Carlsbad Current-Argus* on September 30, 2018, and the Request was posted on the City of Carlsbad's website; and

**WHEREAS**, the bidding closed on October 26, 2018, with no bids received in response to that Request; and

**WHEREAS**, the Request for Bids No. 2018-19, was extended and published again on the City's website homepage and the City's Facebook page beginning on November 29, 2018; and

**WHEREAS**, the bidding closed on December 31, 2018, with two bids received in response to the Request for Bids; and

**WHEREAS**, the two bids were for $35,000 and $50,000; and

**WHEREAS**, at its meeting on January 22, 2019, the Carlsbad City Council voted to reject both bids; and

**WHEREAS**, after the January 22, 2019 Carlsbad City Council Meeting, the City offered the Property for sale a third time, this time offering it on the open market; and

**WHEREAS**, the third attempt to sell the property was advertised through a social media outreach on the City's Facebook page, on the City of Carlsbad's website homepage and on the Procurement Department's webpage, and by word of mouth; and

**WHEREAS**, the only offer received during the third sale was made in January 2019 and was for $80,000; and

**WHEREAS**, the City continued to offer the Property on the open market by listing the Property's sale on the City's website homepage and the Purchasing Department's webpage, continued Facebook advertising, and word of mouth and direct outreach to potential buyers; and

**WHEREAS**, on March 26, 2019, Branson Properties LLC gave the City of Carlsbad its written offer to purchase the property for Ninety Thousand Dollars ($90,000) subject to the conditions and stipulations listed in the sale offer letter attached as Exhibit "A"; and

**WHEREAS**, the City desires to sell the Property to Branson Properties LLC for Ninety Thousand Dollars ($90,000); and

**WHEREAS,** the City has published notice of this sale prior to the consideration of this Ordinance as required by N.M.S.A. 1978, Sec. 3-54-1(D) (1999);

**NOW THEREFORE**, be it ordained by the Governing Body of the City of Carlsbad, County of Eddy, State of New Mexico, as follows:

1. The sale of the Property as described

THE SURFACE ESTATE ONLY OF:
Lot 5A of the Denny Subdivision Lot 5 Line Adjustment, as shown on the official plat thereof on file with the County Clerk of Eddy County, New Mexico in Cabinet 7, Slide 336, and containing 2.12 acres more or less

by the City of Carlsbad to Branson Properties LLC for Ninety Thousand Dollars ($90,000) is hereby approved.

2. The total purchase price shall be due and payable to the City at closing.

3. The Branson Properties LLC shall purchase Title Insurance in the amount of the total purchase price. All other costs shall be borne by Branson Properties LLC.

4. The sale of the Property shall be subject to the conditions and stipulations listed in the sale offer letter attached as Exhibit "A".

5. The Mayor and City Administrator are authorized to execute all documents necessary to implement the terms of this ordinance.

6. Notice shall be published pursuant to the terms of N.M.S.A. 1978, Sec. 3-54-1 (1999).

**SUBJECT:** Request for Zone Change from "R-1" Residential 1 District to "R-R" Rural Residential District for an approximately 2.87 acre parcel, located at 502 E. Hamilton St. legally described as Atwood-Walterscheid Property Line Adjustment Mark and Mary Walterscheid Tract pursuant to Section 3-21-1 et. Seq. NMSA 1978 and Sections 56-150(b) and 56-140(i), Carlsbad Code of Ordinances.

Applicant/Owner:
Mark Walterscheid
502 E. Hamilton St.
Carlsbad, NM 88220

***The applicant provided the required notification to property owners within 100' and agreed to post the required sign 5-days prior to the public hearing as required by Sec. 56-140(i). The City will notify the property owners' 15-days prior to the City Council hearing and publish notification in the newspaper 30-days prior to said hearing.***

**SYNOPSIS, HISTORY AND IMPACT** (SAFETY AND WELFARE/FINANCIAL/PERSONNEL/INFRASTRUCTURE/ETC.):

The applicant has submitted a petition for a Zone Change for 502 E. Hamilton St. legally described as Atwood-Walterscheid Property Line Adjustment Mark and Mary Walterscheid Tract, an approximately 0.27 acre property, from "R-1" Residential 1 District to "R-R" Rural Residential District, pursuant to Section 3-7-1 et. Seq. NMSA 1978 and Sections 56-150(b) and 56-140(i), Carlsbad Code of Ordinances.
According to Sec. 56-40(a) of the Zoning Ordinance:

According to Sec. 56-40(a) of the Zoning Ordinance:

**(a) Rural Residential (R-R) District.**

The Rural Residential District is intended to provide for areas that will accommodate agricultural, ranching, and natural resource uses and very low-density residential uses, until such time as other development is appropriate. There shall be a maximum of one primary residence per lot for R-R Rural Residential District Zoning.

The properties surrounding the subject property are zoned "R-1" Residential 1 District. This request will result in a spot zone, however it will still fit the residential use of the area.

According to Zoning Ordinance **Sec. 56-150(b)(4). Amendments**, Findings Required, a statement of fact regarding each of the following findings is required:

(a) The proposed amendment will or will not adversely impact the public health, safety or general welfare and will or will not promote the original purposes of the Zoning Ordinance; and

(b) The proposed amendment responds or does not respond to changed conditions, such as changes in public capital investments, road locations or functional classification, population trends, density, use or further studies that have been completed since adoption of the Zoning Ordinance; and

(c) The proposed amendment is or is not necessary in order to respond to State and/or Federal legislation; and

(d) The proposed amendment provides or does not provide additional flexibility in meeting the objectives of this Zoning Ordinance without lowering the standards of the Zoning Ordinance; and

(e) The proposed amendment is or is not in substantial compliance with the City's Comprehensive Plan or other City Master Plan; and

(f) The proposed amendment will or will not adversely affect the implementation of the goals and policies of the City's Comprehensive Plan or other City Master Plan; and

(g) The proposed amendment is justified in order to correct a mistake in the Official Zoning Map or the text of the Zoning Ordinance; and

(h) The proposed amendment is justified in order to respond to changes in the City's Comprehensive Plan or other City Master Plan including, but not limited to, changes in land use assumptions, surrounding uses, population forecasts, rates of land consumption, anticipated community needs or other factors.

According to Zoning Ordinance Sec. 56-150(b)(4)(f): The proposed amendment will or will not adversely affect the implementation of the goals and policies of the City's Comprehensive Plan or other City Master Plan.

*Comprehensive Plan: Strategy 2030* goals and policies that are applicable to this request are:

**Chapter 3: Land Use**

Goal 1: The City of Carlsbad will adopt policies to support the Infill/Redevelopment Land Use Scenario.
Goal 2: The City of Carlsbad will make efficient use of government resources through well-planned land use decisions.
Goal 4: The City of Carlsbad will strive to create an aesthetically pleasing built environment.
Goal 5: The City of Carlsbad will ensure that land use does not negatively impact the city's environmental resources.

**Chapter 5: Economic Development**

Goal 4: Improve the appearance of Carlsbad.
Goal 6: Support the efforts and expansion of existing major industries, such as potash mining, oil and gas drilling, and nuclear waste disposal.

**PLANNING AND ZONING COMMISSION RECOMMENDATION:** Based on review of the application and staff comments, at their meeting on April 1, 2019, the Planning and Zoning Commission considered this item and recommended approval with a vote of five (5) in favor, none (0) against, and none (0) absent.

0:3:36 **5. Consider a recommendation to Council for an Annexation of approximately 76.22 acres located at the southwest corner and southeast corner of the intersection of W. Lea St. and Standpipe Rd., legally described as Quarter: NE S: 11 T: 22S R: 26E S2NENE (7), N2SENE (1), SESENE (2), Lots 2, 4, 6-12, 14-29, 31, 33, 35, 37, 39, Block 1, Marquess Subdivision, Lots 1-8, Block 2, Marquess Subdivision, Lots 1, 3, 5, 7, 9, 11, 13, 15, 17, 19, 21, 23, 25, 27, 29, 31, 33, Block 3, Marquess Subdivision, Lots 1, 3, 5, 7, Block 4, Marquess Subdivision, Subd: LEA STREET MR W FIREWORKS LAND DIV Unit: A Quarter: NW S: 12 T: 22S R: 26E, Quarter: NW S: 12 T: 22S R: 26E BEG NW COR, S 45 DEG E 42.5', S 0 DEG 30'W 300' TO POB, S 0 DEG W 144', S 88 DEG 1'E 606', N 0 DEG 30'E 144', N 88 DEG 1'W 606' TO POB MAP# 232-5 LOC 110 STANDPIPE ROAD, and Brian Stevens Land Division (Carlsbad Out) Tract 2**

**Mr. Patterson** explained this application is for an Annexation of approximately in your packet 76.22 acres however the updated packet should read 64.23 acres lying at the southwest corner and southeast corner of the intersection of W. Lea St. and Standpipe Road. Johnny S. Volpato and Sherry Lynn Neatherlin are the majority land owners for this annexation. There will be four separate properties from the petitioner that will be forced annexed if the annexation is approved, that are listed in your packet. There is an updated annexation plat as you look at the screen now. As you can see at the very southeast corner of the map that property is listed as Santo Petroleum, the annexation petitioners have agreed to leave a strip of property along the southern edge of theirs out of the annexation, which would allow this property to remain adjacent to the county and they won't be a part of this annexation moving forward. The Petitioners are asking to be annexed the four properties that are in your packet, it would be forced annexed if the annexation is approved. **Mr. Volpato,** representing Cielo Linda, LLC and **Scott Hicks** with Smith Engineering were present to speak on behalf of their application. **Mr. Volpato** explained that they have allowed an easement on the southeast end of the property, so that Santo Petroleum will not be annexed. Nothing else really has changed other that the agreement with the firework stands, but to his knowledge everything stays the same. **Mr. Patterson** mention that the city is considering putting a waiver in place to allow the firework stands that are on the properties that would be forced annexed to continue business with in the city as is, the amendment has been reviewed by city staff and is scheduled to

council on the second meeting of April 23rd, he has a copy if anyone would like to review it before the meeting is over. The waiver the City is working to put in place is a waiver from the fireworks ordinance that disallows the selling of most fireworks within the city limits. The Planning Department recommends approval as presented. There was no public comment.

**Mr. Garcia** made a motion to recommend approval as presented and **Mr. Nesser** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser**; No–None; Abstained–None; Absent– none. The motion carried.

0:09:51 **6. Remove from Table a Consideration for Recommendation to Council for a Zone Change request for approximately 54.2 acres at the southwest corner of the intersection of W. Lea St and Standpipe Rd.**

**Mr. McCormick** made a motion to remove from table the Zone Change and **Mr. Garcia** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser**; No–None; Abstained–None; Absent– none. The motion carried.

0:13:29 **7. Consider a recommendation to Council for a Zone Change request for approximately 54.2 acres at the southwest corner of the intersection of W. Lea St. and Standpipe Rd., legally described as Quarter: NE S: 11 T: 22S R: 26E S2NENE (7), N2SENE (1), SESENE (2), Lots 20, 22, 24, 26, 28, 31, 33, 35, 37, 39, Block 1, Marquess Subdivision, Lots 1-8, Block 2, Marquess Subdivision, Lots 1, 3, 5, 7, 9, 11, 13, 15, 17, 19, 21, 23, 25, 27, 29, 31, 33, Block 3, Marquess Subdivision, and Lots 1, 3, 5, 7, Block 4, Marquess Subdivision from County to "R-1" Residential 1 District**

**Mr. Patterson** explained this Request for Zone Change from County to "R-1" Residential 1 District for an approximately 54.2 acres of property lying at the southwest corner of the intersection of W. Lea St. and Standpipe Road. The Planning Department recommends approval; just to clarify this does not include the four properties that would be forced to annex they are a different item and they are requesting a different zoning. **Mr. Hicks** explained that the strip that Mr. Patterson referred to the 30' just north of Hackberry Draw and that area there they would not be developing. There was no public comment.

**Mr. McCormick** made a motion to approve the zone change and **Mr. Garcia** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser;** No–None; Abstained–None; Absent–None. The motion carried.

0:15:43 **8. Remove from Table a Consideration for Recommendation to Council for a Zone Change request from County to "C-2" Commercial 2 District for approximately 24.74 acres.**

Property 3: Subd: LEA STREET MR W FIREWORKS LAND DIV Unit: A Quarter: NW S: 12 T: 22S R: 26E (approximately 4 acres, Mr. W Fireworks, Inc., owner),

Property 4: Quarter: NW S: 12 T: 22S R: 26E BEG NW COR, S 45 DEG E 42.5', S 0 DEG 30'W 300' TO POB, S 0 DEG W 144', S 88 DEG 1'E 606', N 0 DEG 30'E 144', N 88 DEG 1'W 606' TO POB MAP# 232-5 LOC 110 STANDPIPE ROAD (approximately 2 acres, James Harris, owner), and

Property 5: Tract 2, Brian Stevens Land Division (Carlsbad Out) (approximately 11.11 acres, Brian Stevens, owner).

**Mr. Patterson** stated in your packet on page 31, the properties are listed are forced annexed with the approval of the annexation, Amy's Fireworks, Mr. W Fireworks there are two other parcels along Standpipe Road also have firework stands that would be forced annex. It's a total of about 13 acres all together. Property 5 in your packet has been removed due to the agreement between Santo Petroleum and the annexation petitioner the city is requesting that these properties be applied to "C2" zoning and along with the amendment to the fireworks ordinance be allowed to continue their business as is. Planning Staff recommends approval. **Mr. Patterson** said he has an early draft of the amendment that's been reviewed, now it has not been approved, council will consider the item on April 26, 2019 meeting. There was no public comment.

**Mr. Barney** made a motion to approve zone change and **Mr. Garcia** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser;** No–None; Abstained–None; Absent–None. The motion carried.

0:21:14 **10. Remove from Table a Consideration for approval of a Variance request to allow a 6' fence in the front setback at 904 W. Fox St.**

The applicant did not attend. **Mr. Patterson** said it would be to your discretion if they wanted to table it again or consider it and deny it. **Ms. Carrasco** stated that the applicant did contact the office after their March 4th meeting, they stated that they were not able to make the meeting, we did notify them that their application was tabled until April 1st meeting along with providing them with a new notification poster and sending out new notifications to the neighbors, so they were aware of the meeting. Our office did notify them about meeting and they did pick up there packet.
**Mr. McCormick** made a motion to continue to table the variance and **Mr. Nesser** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser**; No–None; Abstained–None**;** Absent**–** None. The motion carried

0:23:29 **11. Consider approval of a Variance request to allow a 6' fence in the front setback at 904 W. Fox St.**

**Mr. Knott** said this item goes with the previous item #10.

0:23:30 **12. Consider a recommendation to Council for a Zone Change request for approximately 2.87 acres at 502 E. Hamilton St., legally described as Atwood-Walterscheid Property Line Adjustment Mark & Mary Walterscheid Tract from "R-1" Residential 1 District to "R-R" Rural Residential District**

**Mr. Walterscheid** came forward to present his request. **Mr. Patterson** briefly explained the applicant is requesting for zone change from "R-1" Residential 1 District to "R-R" Rural Residential District at 502 E.

Hamilton to accommodate one horse, he does have enough land to keep a horse. This request will result in a spot zone. However, he is requesting a residential zoning in nature and does not plan to change the use of the property, as such Planning Staff recommends approval. **Mr. Knott** asked if all the property is zoned "R-1", because it appears that this is all undeveloped land. **Mr. Patterson** said sometime last year the property southeast of him was annexed inside city limits and "R-1" zoning was applied to it and there has been subdivision that have been built over the years. The surrounding area around Mr. Walterscheid is currently developing into single family housing. **Mr. Walterscheid** explains he would like to have the one horse on his property right now it's somewhere where until we have approval with this request. **Mr. Knott** asked if he knew the history of the "R-1" rezoning. **Mr. Walterscheid** said there has been development being done around him and he has sold the land behind his for a subdivision. **Ms. Adair** mentions this is one horse well-bred high dollar horse and it's not going to be there all the time. She stated that the horse is going to be campaigned and also well maintained.

**Mr. Barney** made a motion to approve the zone change and **Mr. Garcia** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser**; No–None; Abstained–None**;** Absent**–** None. The motion carried

0:30:38 **13. Consider naming a private road: Coyote Court**

**Ms. Carrasco** briefly explained this is a private road located off of East Greene Street. The applicant is requesting to name a private road Coyote Court to properly address parcels of land being sold or leased to residential or commercial entities. No maintenance of the road by the City of Carlsbad is inferred by this action. Due to continued development, the need has arisen to name a private road for E-911 addressing purposes. The Licensing and Permitting Department shall assign street addresses to all houses, buildings, places of business and properties within its addressing jurisdiction. Addresses shall be assigned in accordance with the provisions set forth in this article and all other applicable ordinances and policies. Such assignment shall not obligate the city to maintain or improve the right-of-way. Based on department recommendations and analysis, planning staff recommends approval. There was no public comment.

**Mr. Nesser** made a motion to approve the naming a private road and **Mr. Barney** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser**; No–None; Abstained–None**;** Absent**–** None. The motion carried

0:32:57 **14. Consider approval of a Conditional Use Permit to allow a Bed & Breakfast at 107 W. Chapman Rd**

**Ms. Duarte** came forward to present his request. **Ms. Carrasco** explained the applicant is requesting a Conditional Use permit to operate a Bed & Breakfast at 107 W. Chapman Rd., zoned "R-R" Rural Residential District the property is approximately 10 acres. The applicant has been provided with ordinance Sec. 56-42(g) for operating a Bed & Breakfast; however the subject property is surrounded by "R-R" Rural Residential Zone District. Planning Staff recommends approval. **Ms. Duarte** said she wants to start her business and she would like that thank everyone. There was no public comment.

**Mr. Garcia** made a motion to approve the naming a private road and **Mr. McCormick** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser**; No–None; Abstained–None**;** Absent**–** None. The motion carried

0:36:01 **15. Consider approval of a Conditional Use Permit to allow a duplex at 4501 Old Cavern Hwy.**

DRAFT

**Mr. & Mrs. Crimmins** came forward to present their request. **Ms. Carrasco** explained this is a Conditional Use Application for a Duplex at 4501 Old Cavern Hwy., zoned "R-R" Rural Residential District, the subject site is surrounded by "R-R" Rural Residential District zoned property. The proposed use is generally quiet and should not have a significant impact on the surrounding neighborhood. Based on department recommendations and analysis, planning staff recommends approval of the Conditional Use Permit based on the following conditions:

- The applicant shall work with the City Building Official to meet all building requirements and obtain all necessary permits.

**Mr. Knott** asked if this is a single family residence looking into turning it as a duplex. **Ms. Carrasco** said it was her understanding converting the residence to a duplex and as you can see there is actually access both off of Chapman Road and Old Cavern Highway. **Mr. Crimmins** said the footprint the house itself will stay the same there is not a change to the square footage in the home, there wanting to move a couple of walls, currently this is a 6 bedroom, 3 bath, but moving a couple of walls there wanting to put in another bathroom. **Mr. Knott** asked Mr. Crimmins if he understood what a Conditional Use Permit is. **Mr. Crimmins** said "yes", he's going to continue the process and later apply for a Zone Change. At first he was not sure why he had to go through a Conditional Use first, but he understood afterwards why. **Ms. Carrasco** said it was because of the current zoning. There was no public comment.

**Mr. Barney** made a motion to approve Conditional Use Permit and **Mr. Nesser** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser**; No–None; Abstained–None**;** Absent**–** None. The motion carried

0:40:54 **16. Consider approval of a Temporary Use Permit for Temporary Housing at 2605 & 2607 Violet St**

**Mr. Grimes** came forward to represent his request. **Mr. Patterson** briefly explained this is a Temporary Use at 2605 & 2607 Violet. If you remember the City approved an installation of Temporary Housing at the end of Violet and Tulip. Mr. Grimes is a neighbor to that individual that was approved in that area and wishes to install his own Temporary RV Park, the only issue that the Planning Department saw with this item is that this applicant access their property off an alley they don't have a direct access to a plated street. Other than the access issue, the site plan was complete indicating where the spaces will be laid out and how the utilities will be ran to each space. **Mr. Grimes** said its property that he's inherited and he would like to put in 30 spaces there. He would be putting up fencing, trees, and have utilities in the back for future housing, he would like for his item to be approved. **Mr. Ragland** said he's the neighbor to Mr. Grimes and he's in favor to put the RV Park. There was no public comment.

**Mr. Nesser** made a motion to approve Temporary Use Permit and **Mr. Barney** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser**; No–None; Abstained–None**;** Absent**–** None. The motion carried

0:44:34 **17. Consider approval of a Temporary Use Permit for Temporary Housing at 3402 Hidalgo Rd.**

**Mr. Culver** came forward to represent his application and **Ms. Mashaw** from Dunagan Associates. **Ms. Carrasco** explained there are already 4 RV spaces at this location Larry Lunsford and Susan Martin have been running the operation there. They have replated the property to meet the 2 acre requirement, this was one of the early temporary housing that was approved. Now Mr. Culver is purchasing the property and would like to expand the area where the RV Park is, the purposed expansion is for 12 spaces for a total of 16 spaces, he's already meet with City's Utilities Department to address water & solid waste services and he has provided a letter from NMED approved sanitation plan, also get with City Building

Official to obtain all the proper permits and inspections. **Mr. Culver** said he's trying to get all his permits to help people coming to Carlsbad for housing.

**Mr. Garcia** made a motion to approve Temporary Use Permit and **Mr. Barney** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser**; No–None; Abstained–None**;** Absent**–** None. The motion carried

0:47:57 **18. Consider approval of a Variance request to allow a 0' rear and side setbacks at 1112 N. Mesa St**

**Ms. Navarrette** came forward to represent the request. **Ms. Carrasco** explained this that the North Mesa Senior Center needs more storage this is requesting a variance from the required 10' rear & side setback to a 0' rear and side setback for the installation of a 13' x 30' storage unit. Currently the lot does not back to an alley and the number of parking spaces will not be altered by the installation of the additional storage unit. **Ms. Navarrette** said they have been trying to survive with the amount of increase of the population. They have converted internal space into storage into activity rooms and trying to accommodate the programs that they've been having, so they have been running out of space with items that they keep stored. **Mr. Hardin** asked if this was a permanent fixture or just a portable storage. **Ms. Navarrette** said it was a portable storage. **Mr. Nesser** asked that the building that appears there on the North side and Northeast corner is that also on the property line. **Ms. Navarrette** said there's a cinder block fence. **Mr. Nesser** asked if it's right on the property line. **Ms. Navarrette** said "yes". **Mr. Nesser** asked looking at the map on page 134 there's a secondary line just south from the north line what is the dimension or was that an alley at one time. **Mr. Patterson** said it's approximately 20'. **Mr. Nesser** said there may have been an alley there at one time. **Mr. Knott** asked if it could be a utility easement or a separate parcel. **Mr. Patterson** said it was just a separate parcel from the Senior Center parcel. **Ms. Carrasco** said there were no utilities in that area the water is to the front, sewer runs south of the property and also on Lakeside Drive. **Mr. Nesser** said keeping the storage only 13' wide will be good to keep it towards the south of the property about 20' that will give the Fire Department and the property owner directly behind you space in case of a fire. **Ms. Navarrette** said that the storage buildings that are already there are not lined up straight, if they move it south to give space between the neighbor's fence and the storage then that might eliminate a parking space, every space there at the North Mesa Center every space is necessary. The purpose for this request is to not have to eliminate any spaces necessary. The storage building would be metal on the east side to the existing wood.

**Mr. Nesser** made a motion for approval for the Variance with the condition that the building be set to a minimum of 5' off the north property line to the south and **Mr. Barney** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser**; No–None; Abstained–None**;** Absent**–** None. The motion carried

0:58:23 **19. Consider approval of a Variance request to allow a 10' side setback at 838 S. Canyon**

**Mr. May** came forward to represent the request. **Ms. Carrasco** explained the applicant is requesting a variance from the required 20' side setback to a 10' setback at 838 S. Canyon St., legally described as Lot 13, Block 135 of the Bock Subdivision, for the installation of a 40' x 100' storage unit. Currently it is zoned "I" Industrial District, which requires a 20' side set back the applicant is placing 40' x 100' storage building along the northern property line. They're requesting to go ahead and move that in 10' to allow room for the turn around on some of the vehicles that go into the property. Planning Staff recommends approval with the condition that he gets with the City Building Department and gets the required permits.

DRAFT

The property owner is Industrial Electric Motors they own 8 of the lots in that area so there is plenty of space for them to operate, but she's recommending approval because the back corner where there looking at locating the storage building currently is just a lot there is no other access to the north or to the south that they access that they have is actually south of Canyon, that will provide them with a little more room for their turn around for their business. **Mr. May** said Ms. Carrasco stated it well, there's basically semi-trucks going in daily with massive motors and they have to be able to pull the semi-trucks into the back and basically make a U-turn to unload them, where it's at now doesn't allow for the semi's to unload them to make a U-turn and come back. He's requesting to move it to the north 10 feet. **Mr. Patterson** asked Mr. May does that indicate the size of the building on how it's going to be constructed on the property. **Mr. May** said according to this it looks like it the building would be 10' to the east fence line and then 10' to the north, so it looks like it may have to go further back. **Mr. Patterson** said if you're going to build it and it's going to go over the property lines we would have to ask you to replat that property and take out that property line the Building Department usually doesn't like to approve permits when you're building across the property line.

**Mr. Nesser** made a motion for approval for the Variance and **Mr. Garcia** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser**; No–None; Abstained–None**;** Absent**–** None. The motion carried

1:05:03 **20. Consider approval of a Variance request to allow Recreational Vehicle parking at 601 & 603 Laredo**

**Mr. & Mrs. Quezada** came forward to represent the request. **Mr. Patterson** briefly explained this is an appeal from Section 56-42 (s)(5) to allow three Recreational Vehicles on the property located at 601 & 603 Laredo the property is zoned "R-1" Residential 1 District, there is less than 1 acre on the property. The applicants property fails to meet two criteria for our Zoning Ordinance Sec. 56-42(s)(5) and Sec. 56-80, Temp Use/Temp Housing. Code Enforcement contacted the property owner after seeing the RV's on their property and determined that they are currently occupied and asked for the applicant to come into the office and get into compliance; however not meeting the acreage requirements and not meeting the zoning requirements Planning Department recommends denial. **Mrs. Quezada** asked for approval for this request, there are people that do live there to sleep, but there not there during the day. On the west side and in front there are empty lots, she doesn't see a reason for them not to live there in the RV's because they are not there daily, it's just to sleep. **Mr. Knott** asked if they've allowed any variances similar to this that you know of in the past to set some kind of precedent that we could consider today. **Mr. Patterson** said to his knowledge since he's been the Planning Director they've never allowed a variance of this type, since we started the Temporary Housing portion of the Zoning Ordinance in 2013, we've made everyone adhere to those regulations set forth and that, if they needed to ask for a variance to ask certain provisions of that then they were allowed. **Mr. Patterson** did say that City Council has passed amendments to the temporary housing ordinance where they require that you have at least the 2 acre minimum to allow someone to stay on your property RV's in this nature and they remove than from the variance process so they will no longer consider items that don't meet that requirement. **Mr. Knott** said we've had people in the past come to Planning and Zoning office where they have people living in the same property and they've also been told to remove the RV's. **Mr. Patterson** said "yes" if Code Enforcement made aware of people living in RV's without proper permitting then they will seek enforcement against it. **Mr. Knott** said the legal of a variance requires some type of rezoning and under the current regulation is there anything available to the applicant where they can be incompliance. **Mr. Patterson** said not to house RV's on the property there's simply not enough property there to meet the 2 acre minimum. **Ms. Carrasco** mentions that there are RV's already there if you look on page 154 this is what the lay out of the property is right now with the 3 RV's. **Mr. Knott** asked Mr. or Mrs. Quezada if the people living there are tenants or family that there renting too. **Mr. Quezada** said they are family and

DRAFT

he said they started to rent out the house and they asked if they could bring an RV and that lead to bring the second one and then the third one, they never advertised to having any RV's there.

**Mr. McCormick** made a motion to deny the variance and **Mr. Barney** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. McCormick, Mr. Nesser**; No–None; Abstained– **Mr. Knott;** Absent**–** None. The motion carried

**Mr. Patterson** told the applicant if they would like to appeal this decision they would have to submit a letter within the next 15 days from today's date and schedule it to go to City Council.

1:14:15 **21. Consider approval of a Preliminary Plat for Hughes Subdivision**

**Mr. Hughes** was present to represent his request. **Mr. Palomino** from Souder Miller and Associates was present also representing this request. **Ms. Carrasco** explained that this is a Preliminary Plat for Hughes Subdivsion, creating 10 new lots, zoned Rural Residential District "R-2" Residential 2 District and located at Westridge Rd & Landsun Circle. The street will have 60' of ROW dedicated with sidewalks and curb and gutter installed. The developer has designed the subdivision for on-lot storm water detention and has submitted a drainage study for the subdivision. The water and sewer utilities will be located within the street. The developer will need to provide more detailed plans which should include materials pages and a drive pad detail sheet. It is located in the Flood Zone and they have been working with the Manager to make sure that the back side along the river will be built up and in compliance. **Mr. Patterson** said that Mr. Palomino, the Engineer on the project, has submitted an updated design. Mr. Hughes and Mr. Dunagan has visited with him to talk about the change the design that they have originally they had planned to connect to Riverside Dr. to make this a through street to Westridge that was something that the City had recommended; however they came back with a change in the design and now they are requesting not to connect to Riverside Dr. and just connect to Landsun Circle and Westridge Drive. He had brought this before the other Department Directors of the City; he has yet to hear back from the Emergency Services, but Public Works, Utilities, and City Administration all felt that this was not a very good plan from the City's point of view we would prefer that the street connect to Riverside Drive mostly for traffic flow, and to allow Emergency Service response to have as many ways possible without having to take to many turns. **Mr. Hughes** said they have had neighbors that are concerned with the extra flow of traffic that would be coming out of Westridge also going down Riverside Drive. It was brought to us that as long as we had the two entries points we would be able to serve for Emergency Services and Landsun Circle would continue around and come out on Westridge, but not connecting to Riverside Drive because of the extra flow of traffic. Mr. Palomino mentions that he and Mr. Hughes did come up with a sketch previously showing the cul-de-sac that was the original intent. Basically everyone has already mentioned what we need to do. **Ms. Carrasco** said that they have submitted a drainage plan it was not included in the packet due to its size, if anyone wants to view it let her know. **Mr. Dunagan** said he lives in the area and said there is some history around there. He said that Riverside Drive ends here (looking at the map on page 170) and traffic diverts over on Landsun Drive around over onto Westridge goes through curves speed bumps, stop signs slows traffic down. When Landsun tried to do this in 2001 the City also wanted to continue onto Riverside Drive through there. You get people that will drive the speed limit and people that go over the speed limit; he's just giving his opinion on what may happen with a little inconvenience for Emergency Services versus high speed accidents. **Mr. McCormick** asked how much distance is between the 2 streets, he said it looks like 15 feet. **Mr. Dunagan** said it's not very far. **Mr. Hughes** said they could put an Emergency gate there and they can have a key. **Mr. Palomino** said we could put in a motion sense gate. **Mr. Barney** asked that the turnaround is not was meant to be it should've continued. **Mr. Palomino** said according to existing plats the Riverside Drive was meant to go through Westridge. **Mr. Patterson** said the turnaround doesn't meet the current code. **Mr. Barney** said if we're going to make a dead end then we need to give the public the proper cul-de-sac or make it go through. We can't continue making the public going into other properties driveway and making there turnaround. **Mr. Patterson** recommended approval of the plat with the

DRAFT

condition that the applicant continue to work with the City to find a solution with the streets not connecting.

**Mr. Barney** made a motion to approve Preliminary Plat and having the applicant continue working with the City to find an applicable way to the entrance and at the street on Riverside Drive and **Mr. Garcia** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser**; No–None; Abstained–None**;** Absent**–** None. The motion carried

1:31:47 **22. Consider approval of a Final Plat for Carlston Ranch Master Planned Community**

**Mr. Lane** was present to represent his request. **Mr. Patterson** briefly explained Mr. Lane is requesting Final Plat Approval for Carlston Ranch Subdivision, a Master Planned Community, currently zoned "PUD" Planned Unit Development District. This is approximately 1231.39 acres located from the southeast corner of Derrick Road and National Parks Hwy. The subdivision has been split into 651 tracts for further development. Planning Staff recommends approval. **Mr. Lane** said this project has been in the process for a couple of years and he was not going to give up. He would like for the board to approve this time to proceed with the development. There was no public comment.

**Mr. Barney** made a motion to approve Final Plat and **Mr. Garcia** seconded the motion. The vote was as follows: **Yes– Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick, Mr. Nesser**; No–None; Abstained–None**;** Absent**–** None. The motion carried

1:35:24 **23. Report regarding Summary Review Subdivisions.**

There was discussion of the various plats signed by the designees. Nothing unusual was noted.

1:36:43 **24. Adjourn.**

There being no other business, the meeting was adjourned.
