SUBJECT: Consider approval of Resolution 2019-04, a resolution creating the Census 2020 Complete Count Committee to assist the City of Carlsbad for the Census 2020.

SYNOPSIS, HISTORY and IMPACT (SAFETY AND WELFARE/FINANCIAL/PERSONNEL/INFRASTRUCTURE/ETC.):
The City of Carlsbad is currently in preparation for the Census 2020, which will begin at the first of 2020. In an effort to further organize the City's efforts to prepare for the upcoming census, the U.S. Census Bureau asks that local governments create a Census 2020 Complete Count Committee. This committee will consists of seven (7) members that will work to oversee public outreach, accomplished by being charged to handle the creation of printed materials (flyers, posters, handouts, and other materials to be used by the media or others. The committee members will also be charged to speak at public information meetings, local fraternal organizations, businesses, schools, and other meeting places regarding the census. The committee will also handle the creation of inserts and messages for utility bills, grocery bags, other monthly billing statements, and payroll checks.

The importance of the City of Carlsbad and the surrounding community garnering an accurate count of population during the Census 2020 cannot be overstated. With the explosive growth the community is experiencing currently, the accuracy of the Census 2020 becomes one of the most important activities our community will see for the foreseeable future. Accurate population counts and demographic information lead to a broader eligibility for funding opportunities the City will need as this community continues to grow. This Census 2020 Complete Count Committee will be a vital part of the City's effort to make sure that the census presents an accurate picture of the current reality in Carlsbad.

AGENDA BRIEFING MEMORANDUM

Council Meeting Date: 12 February 2019

DEPARTMENT: Legal	BY: E. Riordan	DATE: February 4, 2019

SUBJECT:

Proposed Resolution requiring the removal of the trash and debris at 204, 206, 208, and 210 North First Street

BACKGROUND, ANALYSIS AND IMPACT: (Safety and Welfare/Financial/Personnel/Infrastructure/etc.)

The properties commonly known as 204, 206, 208, and 210 North First Street have two single family homes and several accessory structures on them. The properties are in a residential neighborhood. There appears to be people staying in both of the homes and frequently in temporary quarters throughout the property (vehicles, campers, fifth wheels, tents, etc.) The properties, however, do not appear to be maintained. There is a large amount of junk, debris, and trash scattered across all of the lots.

Code Enforcement has been working to bring this property into compliance with City codes since at least September 2018. The Eddy County Assessor's office lists Dell and Grace Teague as owning or having an interest in the properties. According to an online obituary for Vicki Lee Teague Andrews from February 2015, she was the daughter of Dell and Grace Teague. Her obituary states that her parents preceded her in death. Code Enforcement has been in contact with a woman residing in one of the homes. She claims to be an owner of the property.

In January 2019, the properties were reinspected by both the City Code Enforcement Officer and the Fire Marshal. They found that they had not been cleaned and remained in violation of a number of health and safety codes due to the junk, debris, and trash.

A resolution has been prepared which, if adopted, would require the property owners to remove all ruins, rubbish, wreckage, debris, and/or weeds from the property within thirty days of the service of the resolution. On January 29th, a certified letter was sent to 204 North First Street, the address on the Eddy County Assessor's records for Mr. and Mrs. Teague. It was addressed to Dell or Grace Teague or Occupants. The letter invited them to attend the meeting and speak with Council about the property.

DEPARTMENT RECOMMENDATION:

Adopt the proposed resolution.

Re: 204, 206, 208, 210 N. 1st Street properties

On January 22, 2019, I inspected a property located from 204 through 210 N 1st Street. This property presents an ***extreme*** fire hazard for responding Firefighters and emergency personnel. In fact, a fire involving a vehicle, a travel trailer, and an unattached shed occurred on this property on January 14th, 2019, in which firefighting personnel had significant difficulty in gaining access to the fire due to vehicles, trash, and debris on the property. I recommend that the property be cleaned up and the trash and debris removed under the following fire codes.

The International Fire Code, 2009 edition states:

Section 110 Unsafe Buildings

110. General. If during the inspection of a building or structure or any building system, in whole or part, constitutes a clear and inimical threat to human life, safety or health, the fire code official shall issue such notice or orders to remove or remedy the conditions as shall be deemed necessary in accordance with this section and shall refer the building to the building department for any repairs, alterations, remodeling, removing or demolition required.

110.1.1 Unsafe Conditions. Structures or existing equipment that are or here after become unsafe or deficient because of inadequate means of egress or which constitute a fire hazard, or are otherwise dangerous to human life or the public welfare, or which involve illegal or improper occupancy or inadequate maintenance shall be deemed an unsafe condition. A vacant structure which is not secured against unauthorized entry as required by Section 311 shall be unsafe.

110.1.2 Structural Hazards. When an apparent structural hazard is caused by the faulty installation, operation or malfunction of any of the items or devices governed by this code, the fire official shall immediately notify the building official in accordance with Section 110.1

Exhibit B

110.4 Abatement. The owner, operator or occupant of a building or premises deemed unsafe by the fire code official shall abate or cause to be abated or corrected such unsafe conditions by repair, rehabilitation, demolition, or other approved corrective action.

Section 311 Vacant Premises

311.1 General. Temporarily unoccupied buildings, structures, premises, or portions there of including tenant spaces shall be safeguarded and maintained in accordance with this section.

311.1.1 Abandoned premises. Buildings, structures and premises for which an owner cannot be identified or located by dispatch of a certificate of mailing to the last known address, which persistently or repeatedly become unprotected or unsecure, which have been occupied by unauthorized persons or for illegal purposes, or which present a danger of structural collapse or fire spread to adjacent properties shall be considered, declared unsafe and abated by demolition or rehabilitation.

311.2 Safeguarding vacant premises. Temporarily unoccupied buildings, structures, premises, or portions thereof shall be secured and protected in accordance with this section.

311.2.2 Security. Exterior openings and interior openings accessible to other tenants or authorized persons shall be boarded, locked, blocked or otherwise protect to prevent entry by unauthorized individuals. The Fire Code Official is authorized to placard, post signs, erect barrier tape or take similar measures as necessary to secure public safety.

311.3 Removal of combustibles. Persons owning , or in charge of a vacant building or portion thereof, shall remove therefrom all accumulations of combustible material, flammable or combustible waste or rubbish and shall securely lock or otherwise secure doors, windows, and other openings to prevent entry by unauthorized persons. The premises shall be maintained clear of waste or hazardous materials.

4. **Approval of Request to Modify Library Board Meeting Schedule.**

The Board discussed this item at the last meeting and requested Cassandra and Robert follow up with the Mayor to see if this would be possible. Angie Barrios-Testa spoke with Mike Hernandez and John Lowe. They and Mayor Janway are supportive of the idea. As a first step, the Board needs vote to approve the request and decide how often they would like to meet and which day of the month. Then a modified ordinance will be drafted by Eileen Riordan. The proposed change must be posted on the City website for public comment for 14 days. An Agenda Briefing Memorandum will be written for the City Council to approve the change. The Council will vote on the change at a regular meeting, likely in late February or March. Once approved, the change will go into effect five days later. The Board will also need to modify their Bylaws to reflect the change once that happens.

The Board considered whether to change to bimonthly or quarterly meetings. It was decided that three months was too long to go between meetings. It was also decided that the second Wednesday of the month at 4:30 p.m. would continue to be the best day and time to meet.

Bernita Smith-Payne moved and Jo Calvani seconded that the Board formally request the City Council to modify Chapter 26 – Library, Article II – Board of Trustees, Section 26-34 of the City Municipal Code from meeting **monthly** to meeting **bimonthly**, meeting in January, March, May, July, September, and October of each year, with the ability to call a special meeting at any time if needed.

Voting in favor: Barnhart, Calvani, Chavez, Counts, Scholl, Smith-Payne.
Voting against: None.
Absent: Owens, Miller.
The motion carried.

AGENDA BRIEFING MEMORANDUM

Council Meeting Date: 12 February 2019

DEPARTMENT: Legal	**BY:** E. Riordan	**DATE**: February 5, 2019

SUBJECT: Proposed amendments to the Uniform Traffic Code's Penalty Assessment List

BACKGROUND, ANALYSIS AND IMPACT: (Safety and Welfare/Financial/Personnel/Infrastructure/etc.)

For many years, the City has had a Uniform Traffic Ordinance and a related Penalty Assessment List. The Uniform Traffic Ordinance is the compilation of traffic laws adopted by the City of Carlsbad. For those Traffic Ordinance offenses named on the Penalty Assessment List, the maximum penalty is the amount stated on the List plus the state-mandated fees. At the time the ticket is issued, a person charged with a violation of a penalty assessment offense may choose not to contest the ticket but instead remit by mail the penalty assessment and required fees to the court. Should the person choose to contest a penalty assessment ticket, she must appear in court, and, if found guilty, be sentenced by the Court.

Violations that are not on the List are, generally, punishable to the full extent of the Municipal Court's jurisdiction (up to 90 days in jail and/or up to a $500 fine) plus the state-imposed fees. A person charged with such an offense cannot sign the ticket and mail in a payment. He must appear before the Municipal Court Judge, enter a plea, and, if guilty, be sentenced by the Court.

Under the terms of both state law and the ordinance, a violation which has caused or contributed to the cause of an accident resulting in injury or death to a person is not a penalty assessment. Those violations require a court appearance.

Although being a penalty assessment violation does restrict the range of punishment for an offense, it does allow for easier administration. A person who chooses to pay the penalty assessment does not appear in Court. This allows for busy or out of town drivers to resolve the matter quickly without a court appearance and mail in the penalty assessment and fees. That reduces the workload for the Court and for police officers who otherwise would have to appear in Court if there was a trial on the matter.

A list of the proposed changes to the penalty assessment table is attached.

DEPARTMENT RECOMMENDATION: Adopt proposed changes. Drafts of the ordinance have been reviewed by the Police Department and Municipal Court.
